Dear CMS Parent/Guardian:
 We are half-way through the 2021-2022 school year, which means you will be receiving your student's 2nd quarter report card in the mail soon. We encourage you to have a conversation with your student about his/her grades and help your student make personal goals for the 3rd quarter. Students across our campus are finishing up their I-Ready benchmark tests this week, which means you will be receiving reports on their growth very soon in ELA and math. If you are concerned about your student's grades and/or scores, please reach out to your student's homeroom teacher . Together we can make a plan that supports your student's education.
 Thank you. -Mrs. Johansen, CMS Principal
