# Creswell High School Continuous Improvement Plan

| School Year | 2023-2024, 2024-25   |
|-------------|----------------------|
| School      | Creswell High School |

## **School Direction Section**

| District Vision: | One Team, One Dream  |
|------------------|--|
| School Mission   | "We at Creswell High School empower students to achieve success in college, career, and life." |

### **Comprehensive Needs Assessment Summary**

#### What data did our team examine?

- State Report Cards 2017-18 to current
  - 2017-18 to current Graduation Data
  - o 2017-18 to current Freshman on Track Data
- Quarterly Report Card Data
- Weekly Grade Checks
- Content Team Developed Assessment Review at 4, 8/9, 13, & 18 Weeks
- Attendance Data
- Student Investment Account Planning
- High School Success Planning

#### How did the team examine the different needs of all learner groups?

 The team reviewed data for all student learners with attention to historically marginalized and underserved populations.

How were inequities in student outcomes examined and brought forward in planning?

- Review of student concerns during Grade Level Team Meeting
- Reviewing course scope and sequence
- Creating and evaluating common formative assessments
- Review of course enrollment by student group

#### What needs did our data review elevate?

- Expand tracking system for 10th and 11th grade students for "Freshman" On Track supports
- There is a negative correlation between academic success and students with 85% attendance or lower
  - Online instructional strategies have made it easier for students who have to miss school to stay on top of their assignments and course work (google classroom, online texts, etc.)
- How do we help students develop a sense of responsibility and proactive practices for success
- How are teachers supported with online instruction as the school works to support students

#### How were stakeholders involved in the needs assessment process?

• Stakeholders included parent groups, students, teachers, educational assistants, administration. Each group was represented as part of a focus group to analyze data and complete a needs assessment.

Which needs will become priority improvement areas? Note: Priorities describe where the team intends to go but do not describe how the team will get there. An example priority might be to improve graduation rates or that all students will meet their growth goals.

- Increase graduation rates
- Increase student on track performance (Freshman on Track).

## **Long Term School Goals & Metrics**

All or some school goals may match district goals

Student Focused, aspirational, aligned with needs, written for all students

Example: All students will meet their annual growth targets in math.

Metrics are outlined for the year(s) to come.

| Metrics are outlined for the year(s) to come.             |  |   |                                  |  |  |  |  |

# **Initiative Alignment to Support School Goals**

Examples: Chronic Absenteeism, 21<sup>st</sup> Century Grant, EL Success Program, etc.

| Examples: emonic ribsente | elishi, 21 Century Grant, Le Juccess Program, etc.   |
|---------------------------|--|
| Initiative/Program        | How this initiative/program supports the school to meet goals                              |
| Data Review and           | Provide student data on academic levels in Reading and Math. Intervention programs will    |
| Implementation            | support student growth in all classes, increasing passing rate and ultimately graduation   |
|                           | rate.  |
| Support Best Practice     | SIOP professional development led by SIOP trained staff.                                   |
| Instructional Strategies  | Building level professional development to increase learning vs. performance instructional |
|                           | practices.   |
|                           | Administrative led professional development on designing mastery objectives to lead        |
|                           | instruction and student learning.  |
| Chronic Absenteeism       | Develop strategies to increase attendance.   |
|                           | Provide support to those struggling with regular attendance (goal of 92% or better) and    |
|                           | rewards to those who meet the 92% threshold or who show progress.                          |
| High School Success/M98   | Build structure and support around Freshman on Track, Dual credit, Career and Technical    |
|                           | Ed. Pathways, and attendance.  |
| Intervention              | Increase academic support for students who are not performing at grade level or who        |
| Classes/Advisory Period   | need additional academic support in current course work.                                   |
| Wednesday Student         | Increase student academic support outside of the school day.                               |
| Support                   |  |
| School Improvement        | Increase student support towards meeting graduation requirements, transcript review,       |
| Account (SIA)             | CRLE's, senior projects, transition planning, etc.   |
| Freshman Support          | Provide support to freshman who are struggling academically, with attendance,              |
| Personnel                 | social/emotional check-in, etc. with time dedicated to an educational assistants schedule. |
| Credit Recovery           | Provide credit recovery support with online classes  |
| Summer School             | Provide credit recovery support during summer school or summer months.                     |

Annual Evidence Based Strategies, Measures and Actions (to meet school goals)

| District or<br>School Goal<br>this strategy<br>supports | Goal 1: Math Goal- Concepts and Procedure (Target M, N, P) (as measured by state test data 2022-23 School Year) Target M, N, P- 4% of students who participated in the state test demonstrated proficiency |  |   |  |  |
|---|--|--|---|--|--|
| What are we<br>going to do?                             | Strategy # 2.1 Written as a Theory of Action and reflects evidence-base d practices  | If we increase CHS staff data driven instruction based on a scope and sequence aligned to Oregon State Standards for mathematics, then students will have access to high quality instruction based on meaningful data and student academic achievement in the areas of Concepts and Procedures (Target M, N, P) will improve.  |   |  |  |
| How we will<br>know the<br>plan is<br>working           | Measures of Evidence for Adult Actions ("then" statements")  Measures of Evidence for Students ("and" statement)   | Early Term- Set PLC schedule to review data based on Scope and Sequence  Planned data review will support student learning with a 4, 8/9, 13 and 18 week formative assessment.  Students will demonstrate proficiency on the 4 week formative assessment assessments.  Student achievement data will show gains based on data review of 4 week formative assessment. | MidTerm (8/9 Weeks)- Continue PLC Data review  We will be able to identify students who need additional academic support.  Students will demonstrate proficiency on the 8/9 week formative assessment and summative assessments.  Students will demonstrate proficiency in targeted practice interim state assessment items.  Student achievement data will show gains based on data review, 8/9, and 13 week formative/summative assessment. | End Term (18 Weeks)- Continue PLC Data review  We will be able to identify students who need additional academic support.  Students will demonstrate proficiency on the 18 week summative assessments.  Students will demonstrate proficiency in targeted practice interim state assessment items.  Student achievement data will show gains based on data review of 18 week summative assessment. |  |

# School Plan Self-Monitoring Routines

Please describe the school plan to install quarterly plan-review/monitoring routines (see example below):

Twice monthly attendance meetings (counseling, administrator and attendance secretary)
Monthly grade level team meetings

**Monthly Site Council meetings** 

SIA accountability reviews

**HSS** accountability reviews

**Parent/Teacher Conferences** 

Weekly grade review and phone calls to parents for Wednesday Student Support Time

## **Routine Example:**

The chart below does not need to be completed prior to installation of school self-monitoring routines. It is placed here as a preview for the types of information a quarterly self-monitoring routine aims to answer and the subsequent steps and actions taken after each routine.

- What did we say we were going to do?
- How are we doing?
- How do we know?
- What will we do next?

|      | Update | Strategy | What does your | What is working? | What will you   | What supports are   |
