FROM THE PRINCIPAL'S DESK

Dear CMS Families,

May 2-6 is Teacher Appreciation Week and I hope that you will take the time to recognize the amazing job your student's teachers are doing to support learning. Transitioning back to in-person school full-time was really hard for our students and we could not have done it without our great staff members. Please if you have a moment, send an email or note thanking them for all that they do. During the month of May, our students will be participating in State Assessments. Please remember to send your student to school with earphones/earbuds and their school Chromebooks fully charged. If you have chosen to "opt out" your student from this assessment, your student will have alternate assignments they must complete while the rest of our students are testing here at school.

Although we've reminded students all year, many continue to forget to bring water bottles to school. With the weather warming up, it is really important to send your student to school with a refillable water bottle.

CMS Summer School Registration Forms are due back to the CMS office by May 31st. Registration forms were sent home mid-April with your student's 3rd quarter report card. If you need another copy, they are available in the CMS office.

There are many fun activities and field trips planned for the end of the year. Students must demonstrate that they are safe, respectful and responsible to participate, so please encourage them to make good choices here at school.

If you have a CMS 8th grade student, please remember to pay your \$25 in the CMS office for your student's promotion "goodie bag."

Please also save the date of June 14th for the Promotion Ceremony. Thank you again for your continued partnership.

-Julie Johansen, CMS Principal

State Testing Info

Students will begin state assessments on May 2. Students not taking the test must have an "Opt Out" form on file in the CMS office before testing begins. Students opting out will have alternate assignments to complete during testing and are expected to attend school. If we meet our participation goal, all students will earn treats.

Creswell Middle School *FREE* Summer Learning & Enrichment Program

Creswell Middle School will be providing academic learning and enrichment activities this summer. The CMS summer program is a 4-week program that will run from June 27-July 21 from 8:00-Noon at CMS. All students will work on math, reading, and writing daily, and then choose their enrichment activities (see enrichment choices below). These programs will be provided free of charge by the school district. Breakfast and lunch will be provided. Students are encouraged to bring a water bottle.

Please complete one form for each middle school student you wish to enroll (open to current Creswell 5th-8th grade students). Registration opens April 11 and closes May 31. There are a limited number of spots available, so return your form to the CMS office as soon as possible.
