CRESWELL MIDDLE SCHOOL

Home of the Tigers

FROM THE PRINCIPAL'S DESK

Dear CMS Families,

The end of the 3rd quarter is quickly approaching (April 7th) so please encourage your student to check Home Access, retake tests, and submit missing work.

During March we had a lot of great things happening on our campus. Students continue to enjoy the many opportunities available to them through electives. On March 16 we had a motivational speaker who encouraged students to persevere and make the choice to do the right thing even when others aren't looking. In March we celebrated our classified staff, who serve as super heroes each and every day on our campus. We also sent our 7th graders to Outdoor School!

Although we still have another quarter of school, we are already planning for summer school at CMS. The summer school registration form will go home April 11. Although different from last year, our summer program will include many enrichment opportunities for our students. One of the main differences is that summer school registration is for four weeks. While we expect students to miss a day here-or-there, we ask that families only register if they are serious about their student attending all four weeks of the program. Because there are a limited amount of spots at each grade level, we want to ensure that students who plan to attend the full program get the first opportunity. Thank you for your continued partnership.

Estimadas familias de CMS:

El final del tercer trimestre se acerca rápidamente (7 de abril), así que anime a su estudiante a verificar Home Access, volver a tomar las pruebas y enviar el trabajo faltante.

Durante marzo tuvimos muchas cosas maravillosas sucediendo en nuestra escuela. Los estudiantes continúan disfrutando de las muchas oportunidades disponibles para ellos a través de cursos electivos. El 16 de marzo tuvimos un orador motivacional que animó a los estudiantes a perseverar y encontrar lo positivo en cada día. En marzo celebramos a nuestro personal clasificado, que actúa como superhéroe todos los días en nuestra escuela. ¡También enviamos a nuestros alumnos de 7mo grado a la escuela al aire libre! Aunque todavía tenemos otro trimestre de clases, ya estamos planificando la escuela de verano en CMS. El formulario de inscripción para la escuela de verano es diferente al del año pasado, nuestro programa de verano incluirá muchas oportunidades de enriquecimiento para nuestros estudiantes. Una de las principales diferencias es que la inscripción a la escuela de verano es de cuatro semanas. Si bien esperamos que los estudiantes pierdan un día aquí o allá, pedimos que las familias solo se registren si realmente quieren que su estudiante asista las cuatro semanas del programa. Debido a que hay una cantidad limitada de lugares en cada nivel de grado, queremos asegurarnos de que los estudiantes que planean asistir al programa completo tengan la primera oportunidad de hacerlo. Gracias por su continua colaboración.
