BUDGET MESSAGE

Budget Message
2025-26 Fiscal Year

The Creswell School District budget message is intended to provide a summary of the proposed budget and how this budget differs from the prior year. In developing this budget, our focus continues to be on the district's mission, "To provide a dynamic and innovative learning environment that prepares students for college, career and life." As of the time of the publication of this document, we face challenges at the local, national, and global levels. Economic factors are more uncertain and complex than in previous years. This budget is built on the official estimate issued by the Oregon Department of Education on March 3, 2025. The 2025–27 biennial budget and State School Fund are predicated on a \$11.3 billion State appropriation and a 49/51 split.

Current Financial Picture:

At this time, I am reporting that we are projected to end the year with a general fund balance of \$2,600,000. This is an increase of \$1,500,000 above our budgeted contingency of \$1,100,000 for the 2024-25 fiscal year. Our end fund balance has grown due to our efforts with cost saving measures and staffing expense into different funds such as SIA and ESSER grants to build end fund balance reserves in preparation for the anticipated fiscal funding "cliff". Grant funding has allowed the District the ability to absorb roll up costs, maintain contractual agreements, and give staff compensation increases.

Revenue Challenges:

The funding cliff, or shortfall, is primarily due to significant declines in enrollment, inflationary increases to salaries and benefits, insufficient state funding and the expiration of the ESSER Federal Relief Grant on September 30, 2024.

- The majority of the enrollment decline is due to birth rates which has resulted in low kindergarten enrollment over the past four years. Additional factors are; transfers to charter schools and transfers to other school districts, as well as students enrolled in home school.
- With the \$11.3 billion-dollar estimate, the State of Oregon is not providing adequate funding for the 2025-2027 biennium to maintain the cost increases due to contractual salary increase rates.

Expenditure Issues Approach:

- In anticipation of a funding shortfall, for the past four years we have been reducing staffing to enrollment levels through natural attrition via retirements, resignations and transfers of staff to open positions. We will continue this strategy.
- We are proposing a budget contingency reduction of 2% from 7% to 5% for the 2025-26 budget. The lowest contingency percentage since 2017.
- Contracts for materials and supplies are being analyzed for cost saving measures.
- In preparation for the 2026-2027 budget, we are projecting reductions in staffing and programs to balance the budget.

Regardless of the many challenges we face, we are committed to developing a budget that will best serve the students of our community. The district staff are proposing a budget that allows the District to continue current service programs to students and to move forward with our implementation of the continuous improvement plan that was developed by the Creswell community through the Strategic Planning Process in 2022, to address the needs of all Creswell School District's students (see addendum). In addition, we are estimating grant funding to support our strategic improvement initiatives from: SIA (Student Investment Account), High School Success, as well as facilities improvements with the 2023 bond, and the Seismic Improvement grants.

Therefore, I recommend the attached 2025-2026 Creswell School District Budget to the Budget Committee for adoption.

Sincerely,

Michael Johnson, Superintendent

EXECUTIVE SUMMARY

EXECUTIVE SUMMARY

BUDGET FORMAT AND PROCESS

This summary contains an overview of the budget with additional information and graphs to assist the reader. The budget is arranged with the General Fund, Special Revenue Funds (i.e., grants, facilities, nutrition services, vehicle replacement, and student related funds), Debt Service Funds and the Capital Project Fund.

Each year, the School Board adopts a financial plan (budget) for the upcoming school year that guides staff in how funds are spent. District staff initially puts the plan together with input from staff and community members. Then, the citizen Budget Committee reviews the Proposed Budget and provides feedback. After a review and possible revisions, the Budget Committee approves the budget. The School Board then adopts the financial plan and it becomes the Adopted Budget for the coming school year.

This budget document is the primary vehicle used to present the financial plan and the results of operations of the district. The primary purpose of this document is to provide timely and useful information concerning the past, current, and projected financial status of the District in order to facilitate financial decisions that support educational goals of the District.

BUDGET OVERVIEW & HIGHLIGHTS

Federal, state, and local guidelines frame the budget development process. The annually adopted budget includes the General, Special Revenue, Debt Service and Capital Project funds. Total expenditures for all funds are \$49,562,770.

GENERAL FUND

The General Fund is typically the largest of the District's funds and covers the operations of schools, including expenditures for salaries and benefits, supplies, textbooks, utilities, transportation of students, and other general expenditures.

REVENUES

General Fund revenues are projected to be \$19,210,475 for the 2025-26 school year. This equals an increase of \$896,440 from the prior year. This total is based on an analysis of our State School Fund (SSF) estimate and other local revenue. The SSF accounts for approximately 57% of the General Fund.

Property tax funds account for approximately 23% of the General Fund. The permanent property tax rate for the General Fund is set at \$4.6426 per thousand plus the bond assessment that is estimated to be \$1.92 per thousand assessed value.

EXPENDITURES

Since the education of students is a service profession, payroll expenditures, including benefits, comprise approximately 73% of planned General Fund expenditures. Budgeted expenditures of salaries and benefits are determined in accordance with collective bargaining agreements.

SPECIAL REVENUES

Grants – The special revenue funds are comprised of grants that are budgeted as fund 2xx for local budget law compliance. The history of individual grants is included in the budget detail section. Federal funds (e.g., Title I-A, Title II-A, and IDEA) in the form of entitlement grants are generally used to support licensed and classified staffing for special programs. Title I-A typically includes additional support for homeless students, academic interventions, professional development, and parent involvement. Title II-A funds are used to increase the number of highly qualified teachers in the classroom, highly qualified administrators, and to elevate teacher and principal quality through recruitment, hiring and retention strategies. Federal funding for Title I-A and Title II-A are projected to be level.

Individuals with Disabilities Act (IDEA) funding primarily supports educational assistants. Federal funding for IDEA is projected to be level.

Other grants include: High School Success (Measure 98), Student Investment Account (SIA), Creswell Education Foundation, Family Resource Center, Preschool Promise, Youth Transition Program, Kids in Transition to School, and several small targeted grants.

Facilities – This fund holds the local building excise tax collections, SB 1149 Cool Schools, and transfers from the General Fund. This fund is used for deferred maintenance projects.

Nutrition Services – This fund supports nutritious meals for students.

Vehicle Replacement – This fund is used for replacement of transportation vehicles.

Student Activity Fund – This fund is used to budget and monitor extra-curricular expenses and extra duty stipends.

Student Body – This fund is used to budget and monitor schools' student body funds – student money budgeted according to state law.

Scholarship – This fund holds various scholarship monies intended for students – awarded by high school staff and community members.

DEBT SERVICE FUND

The debt service fund rate for general obligation bonds is estimated to be \$1.92 per thousand with a repayment total of \$1,750,765. PERS debt service amounts to \$506,285, which is paid for by assessments on payroll.

Notes: Beginning July 1, 1997 property taxes were based on an assessed value. Assessed value is defined as the lower of maximum assessed value or real market value. For the 1997-1998 tax year, maximum assessed value was set at the 1995-1996 market value less 10 percent. Assessed value for later years is limited to 3 percent annual increases. The net levy is the actual imposed tax after adjustments and constitutional property tax limitations due to the passing of Measure 5 in 1990 and Measure 50 in 1997.
